ERIE HOME

Residential Interior Damage Investigation & Repair Program

50+ JOBS COMPLETED | INSPECTION TO CLOSEOUT | REPEAT SERVICE PARTNERSHIP

ONGOING CONTRACTOR RELATIONSHIP

Paintskwatch supports Erie Home by investigating and repairing reported property damage. Erie Home provides a list of customer names and addresses where damage has been reported, and Paintskwatch manages each assigned job through assessment, estimate, authorized repair, and closeout.

DAMAGE INVESTIGATION & ESTIMATING

Paintskwatch contacts or visits the reported property as appropriate, investigates the damage, documents its findings, reports back to Erie Home, and prepares a repair estimate for review and approval.

APPROVED REPAIRS & CUSTOMER COORDINATION

Once work is approved, Paintskwatch schedules and performs the necessary repairs, coordinating directly with the affected customer and managing the repair process through completion.

DOCUMENTATION & BILLING

After repairs are finished, Paintskwatch obtains a certificate of completion and submits billing to Erie Home, providing a defined closeout process for each assignment.

PROVEN TRACK RECORD

More than 50 jobs successfully completed. This ongoing relationship demonstrates Paintskwatch's ability to receive service assignments, assess and estimate damage, coordinate approved repairs, document completion, and manage invoicing across a recurring stream of customer projects.
